

SPECIALIZING MASTER IN LIGHTING DESIGN & LED TECHNOLOGY

FIRST-LEVEL SPECIALIZING MASTER
AT THE POLITECNICO DI MILANO

14th EDITION

Project: Serpentine Sackler Gallery - London (UK)
Products: Artemide spa
Projects: Zaha Hadid
Photos: Luke Hayes

CAREER OPPORTUNITIES

The aim of the Specializing Master is to train professionals capable of following the lighting design process in retail interiors, urban exteriors, entertainment, cultural heritage and hospitality, mastering the productive and technological innovations of the lighting sector. The result of the Specializing Master is an innovative professional with skills that fit into the main lighting design activities, therefore he will be able to collaborate with lighting companies, lighting studios or other different realities that involve the design of light in spaces.

LANGUAGE

The Specializing Master is held in English. Any lecture in other languages will be translated simultaneously.

STRUCTURE

The training course is divided in ten didactic modules, plus the internship. The first four teaching modules are dedicated to develop the fundamental skills of the lighting process: theory and lighting technologies, methods and tools for lighting design, CAD for lighting, culture and lighting design practice. The next five learning modules aim to develop advanced

competences in lighting design practice with dedicated workshops in retail interiors, urban exteriors, entertainment, cultural heritage, hospitality and up to date didactics on LED products and technology. The professional empowerment module is focused to increase competences in order to get in the job industry, looking at the final internship held at lighting manufacturers and professional offices.

DURATION AND VENUE

The Specializing Master takes place at Laboratorio LUCE (research laboratory on light, www.luce.polimi.it) of Politecnico di Milano in the North West area of Milan and lasts for one year. Didactic activity starts in October 2017, the internship will begin in May 2018 with a minimum duration of 312 hours, and the final exam is scheduled for September/October 2018. The Specializing Master delivers 60 ECTS.

PLACEMENT

The Specializing Master has a placement of more than 80% of participants who were able to fit into design firms and leading companies within one year after completion of studies. You can see the testimonies of some former students at: www.polidesign.net/en/lighting/alumni

PRICE

Price of the Specializing Master is 7.490 €.
